PERSONAL PROJECTS

Personal Portfolio Responsive Website
(01/2024 - 03/2024)

- A portfolio website is an online platform that showcases a collection of work and provides information about my skills, expertise, and achievements. To build this website, I have used HTML, CSS.

Talking Dictionary using Python (06/2023 - 07/2023)

- The application allows users to search for definitions of words by speaking into the microphone, utilizing natural language processing techniques for accurate interpretation. To build this website, I have used Python, pyttsx3 module.,tkinter module.
